On May 13, 2017, the Salt Lake Family Church held an introductory blessing workshop. Mrs. Peggy Yujiri of the Blessed Family Ministry (BFM) traveled from Colorado to teach younger and older Unificationists the basics of the Holy Marriage Blessing Ceremony and how to prepare for it.

The presentation titled “Preparing Intentionally for the Matching” especially resonated with the younger participants of the workshop, while others were moved by the beauty of choice in deciding to receive the Blessing. Overall, the one-day experience provided an opportunity for Unificationists across multiple generations to express their sentiments toward the matching process and the eventual participation in the Blessing.

Many thanks to Peggy Yujiri and the BFM for their investment in developing and giving these presentations!
