

Special CheonBo Event Report: 40-Day Spirituality Workshop in Albania

Gabor Vasmatics

July 2, 2026

Albania, Tirana Peace Embassy, July 2, 2026 - As a cornerstone of the 40-Day Spirituality Workshop, Albania hosted a profound CheonBo Event, uniting over 130 participants in person with an additional 70 attendees joining online via Zoom. Representing the broader Europe and Middle East (EUME) region, brothers and sisters joined together across physical and digital spaces to create a sacred atmosphere of sincere devotion, faith, and renewal.

Spiritual Program and Shared Fellowship

The event unfolded through a rich and dynamic program designed to elevate the spiritual life of every attendee. Inspiring lectures re-anchored participants in core spiritual truths, while moving personal testimonies offered living evidence of faith, resilience, and divine guidance. The venue reverberated with vibrant Chanyang sessions, deep prayer, and heartfelt worship, creating a powerful spiritual vibration that reached both those in the main hall and members tuning in via Zoom.

Small-group sharing sessions provided a safe and supportive space for participants to open their hearts, process internal revelations, and forge deeper bonds of unity and brotherhood across the region.

Lineage Grace and Devotion to True Mother

A central focus of the gathering was the sacred process of ancestor liberation and blessing. Participants offered earnest devotion to restore and elevate their ancestral lineages, anchoring Heaven's grace into their family trees and paving a clean path forward for future generations.

Throughout every session, a primary vector of prayer was directed toward offering heartfelt devotion in support of True Mother. The sincere, unified condition offered by the EUME brothers and sisters served as a powerful pillar of spiritual support for the providence, filling the atmosphere with deep gratitude and

reverence.

Impact and Moving Forward

The CheonBo Event in Albania stands as a testament to the strength, faith, and solidarity of the EUME region. By blending deep spiritual practice with authentic fellowship, the workshop revitalized the hearts of all who attended, sending participants back to their home communities with strengthened conviction, renewed purpose, and lasting spiritual gratitude.
