1.1 Part 1 Lecture 1

Meaning of the Inheritance of the Eight Great Textbook-Teaching Materials

Through this lecture you will be able to understand the Divine Principle and the Eight Great Textbooks, and about True Father’s Life. There is a very important value and philosophy we will learn. We will be study the Divine Principle and know it very well and also our True Parents’ Books. We will also study Foundation Day in the 3rd Part. In the UC we study the Divine

Principle, which are not rules which were made by people. The Principle was made by God, so it does not change. As studied in Chung Pyeong, we will be able to understand everything well if we know the main things. Then when you hear about the Foundation Day you will be able to understand the meaning very clearly.

At the end of April 2012, Father gave clear information about Foundation Day. Foundation Day is the first day of the beginning of the substantial Cheon Il Guk, beginning with the Cosmic Holy Wedding ceremony of True Parents.

note(referenced later possibility TF to SW before FD is not a problem because the SW and PW are one)

God will use the body of our True Father and come to earth. All of the blessed couples will again receive the blessing. There will be a big celebration as CIG citizens and God himself will be able to put us into the CIG. Through understanding Father's life, the eight great textbooks, and the foundation day, we can understand how we should live.

I. Introduction

A. Not a simple moral scripture

B. Not a simple book of ethics

C. TP of Heaven, Earth and Humankind's scripture

D. Includes Creation, Fall, Restoration, Re-Creation

The Meaning of the 8 Great Textbooks

In 2010, Father gave us the meaning of the Eight Great Textbooks, which he dedicated to us, and which will be the Scriptures for us, the Unification Church members. So, how do we have to live? Not just that but that we have to know very clearly.

These 8 Great Textbooks are from God and we will not be able to understand them just by reading them. Basically it is the representation of our True Parents of Heaven and Earth. These textbooks are not just simple moral explanations nor are they a simple book of ethics. They are about the true parents of heaven and earth and are humankind's scripture, and includes the creation, the fall, and re-creation. The creation gives an understanding of the path that Adam and Eve were to walk originally, then we can understand the meaning of the fall and also the meaning of restoration and re-creation.

On January 19, 2010, Father in Las Vegas began to explain about the Eight Great Textbooks, and in Feb. 2 he had a public declaration that this was basically everything he had heard from God, and in doing so, he was able to make these 8 Great Textbooks and offer them to Heaven. On Feb. 19, he proclaimed this to the world leaders in CP. The Family Pledge was added one week before, and Rev. Oh asked Father to add it as a separate textbook even though it is just one page, because it is the Heavenly Constitution and the rules of our lives and is a microcosm of the whole body of words.

II Dedication and Bequeathal of “Textbook-Teaching Materials”

A. Proclamation and dedication of “TTM”

1. [Explanation to UC members \(1/19/10, LV\)](#)
2. [Dedication to God \(2/7/10, CJG\) Father's offering to Heaven](#)
3. [Proclamation to world leaders \(2/19/10, CP\)](#)
4. [World Assembly to Proclaim the Settlement of True Parents of Heaven, Earth and Humankind and the Substantial Word \(7/8/10, CJG\)](#)

B. Dedication ceremony for “TTM” (2/7/10) (link above)

1. Leading and following:

“We achieved everything! Uk-mansei! Reign of tranquility and prosperity! Uk-mansei!”

There was the first Adam, second, and third Adam and they were all in a position for God to teach them directly. What they were able to share with human beings had to be on the level of the time that they lived. Adam fell so he was not able to continue to share anything with his family. Jesus' words were about personal restoration and could not teach about family, and True Father who is the third Adam was able to teach about the family because he was able to create the family, both his own family and so many other families around the world. He was able to explain in the language that we could

understand the teachings of God. Father made these textbooks so we could understand clearly the teachings of God.

Adam and Eve were taught directly by God such as the three great blessings, not by the Archangel. So God wanted these words to be substantiated. Everything that God taught to True Father has actually he had made to come about, compared to Adam and Eve or compared to Jesus who could not do everything. So because our True Father could actually accomplish everything that he taught and was able to explain to us in our language, and this made it possible for us to actually follow him, and because we could understand, we could happily receive the teachings.

2. Dedication prayer:

“We offer all these ‘Eight Great Textbooks and Teaching Materials to Heaven, Uk-Mansei for the completion of True parents, Ideal One Body of King of Kings, and Liberation, Complete Freedom, and Unification by Restoration through Indemnity. Please accept our offering of the textbook and teaching materials that can substitute all things! Thank you!”

There is a difference between the texts and the teaching materials. The textbook is that which only God and True Parents could make, while the teaching materials can be made by us, who have learned the textbooks.

C. Bequeathal of “TTM”

1. [TP to President Hyung Jin Moon \(4/18/08, CJG\)](#)

These textbooks were first given to Hyung Jin, April 18, 2008. There were three things he received. First, the word was given (bequeathed), so directly from our True Father, Hyung Jin could actually teach directly to us, the members. So HJN can teach directly to us from God, which is a very important point. So we are in the position of archangels and he is in the position to teach us the Divine Principle. The next thing that was given to him is the possibility to organize a blessing.

2. [120-day special education of world leaders under](#)

[TP’s dominion \(2/27~7/3/10\)](#), this education is when one can receive directly from God, which came through HJN. He was very humble at that time, and would go back to True Father and get guidance. Note difference of workshop and seminar. Education is when we receive directly from God.

[workshop purpose-testimonies](#)

[workshop guidelines](#)

**3. [“Let’s return to jeong-sung and the Words” value of words TF](#)
(2/27~7/3/10)**

4. [To world leaders through President Hyung Jin Moon \(7/3/10, CJG\)](#)

And now these words are going throughout the whole world.

D. [Three most precious things in the world \(12/19/02\)](#)

1. TP’s Holy Body

2. Holy Things used by True Parents-For 10 days, there were many important things that happened. There were many things that True Father had used for 44 years while in America. There were more than 1000 items like articles of clothing that kind of thing. The things were given away by True Parents.

Father proclaimed that he has done everything and now he can go at anytime.

3. Holy Words spoken by TP

All these things, no one could actually receive them, so True Father said that he is living in the words of these great textbooks, that he is eternally in the word, in the Divine Principle, so we can keep him with us even if he is in the spiritual world. So we can keep him personally with us by living by following and reading these textbooks. They are Holy words spoken by our True Parents.

4. Holy Body, Holy Things, Holy Words are Trinity

5. Consider the TTM as more precious than me

[\(2/7/10\)](#) Father said to take care of these textbooks more than me because “I am living in them, living in the word” and so, through study we can understand how True Father has lived, and if we want to be like our True Father, we have to know case by case how True Father has been able to understand it.

III. Divine Principle and TTM

They are different. The DP is a book God used to create the whole universe.

It existed before the creation. It was a step by step plan that God used and followed. So DP is the subject.

A. DP is God's blueprint for Creation

- 1. The plan for creation was there before the actual creation.**
- 2. Plan for creation is the blueprint for creation**
- 3. God gave AO to blueprint for creation**
- 4. Blueprint for creation is God's subject**
- 5. Blueprint for creation is the Principle of Creation.**

B. DP is God's Principle of Creation - it is the law of God which no one can change

- 1. DP(原理) = Divine + Principle**
- 2. DP is a formula, not a doctrine.**
- 3. There is only one formula and it does not change.**
- 4. Formula applies universally to anyone.**
- 5. DP means that God is the subject.**

(Please note the difference of EDP and DP. Exposition of the Divine Principle (EDP) explains about the fall in Chapter Two.) If Adam and Eve had not fallen, they would have just lived in the Principle. The DP is not the rules, but is something that was made before creation came into being. There is only one law, it is the law of God. These words will not be given just to Unification Church members but to everyone in the world, and everyone can understand this formula even if they do not believe in God. It shows that God is the subject, is the universal value, so it is the Divine plus the Principle. It is the universal formula (architecture) and not a doctrine.

C. Structure of human beings and DP

- 1. Structure of human beings: Spirit self and physical self**
- 2. Spirit self: Divine mind and spirit body**
- 3. Physical self: Physical mind and physical body**
- 4. Divine Mind is not the Spirit Mind.**

We have the Divine Mind and the Spirit Body as the Spirit Self.

(The EDP-Exposition of the Divine Principle talks about the spirit mind and spirit body but there is no spirit mind. Father never talked about a spirit mind. True Father stressed this point. Normally it should have been the

Divine Mind. But after the fall humans came to have what was a spirit mind and spirit body. This is exactly what Father taught this to us in English.)

In the Original Divine Principle written in 1952, says this Divine Mind came about because of the fall of Adam and Eve, they did not have any strength, because they were under the control of Satan, who became the subject (controller) and that is when Divine Mind came about. So the conscience became the general term for Divine Mind, which everyone understands.

D. Relationship between DP and Divine Mind

1. Divine Principle and Divine Mind

2. Sung-sang is Heavenly Mind.

3. Heavenly Mind settles in Divine Mind through the blood lineage. (2/1/98) For God and humans to come together what is needed is the blood lineage, as which existed before the fall.

4. Sung-sang-Heavenly Mind-Vital Element-True Love-Divine Mind-physical mind-physical body

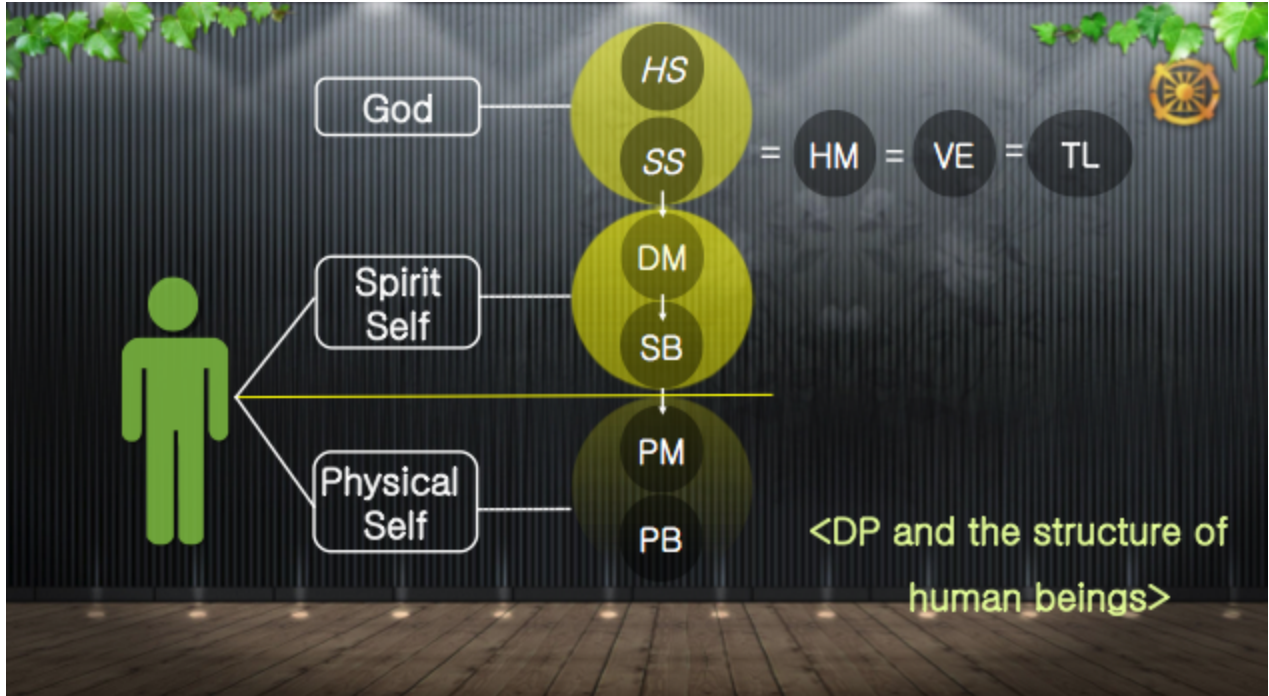

5. Relationship between Heavenly Mind and pure mind (1/1/10; 2/21/10)

6. There is no concept of “self” in pure mind.

God had given this Heavenly mind to Adam and Eve before the fall. It is Heaven's Mind.

When God is looking for us, where does he go? The spirit self contains the conscience in which God speaks to us, (not the spirit mind). When God is looking for us, the Sang Sung is the Heavenly Mind, the Vital Element (Purpose), and True Love, so God speaks into the Divine Mind which is actually a tool that God can come straight and to talk to us.

The Heavenly Mind, the vital element (Purpose), and True Love are all one thing which is the blood lineage.

God = Heavenly Mind, Vital Element, True Love

These three things are actually one thing, which is the blood lineage. That is why the sexual organs are very important, because this is where God and Human Beings come together as one.

The divine mind was not existing before the fall, because it was one. That is what Father found out.

5. [Conscience-general term-Divine Mind.](#) (last part of speech)

[Conscience explained 1994](#) [again](#)

[1995 Strengthen Conscience](#)

(1994-1995; 5/13/04)

(Excerpt TF 1994 Find Your True Self

“Remember that our conscience has not fallen yet; it still belongs to God. “)

(Excerpt TF 1995 Strengthen the Power of Your Conscience to possess the True Love of God

“To possess the true love of God is not a selfish act at all, but rather a very unselfish one. The reason is that the true love of God is, by nature, unselfish and sacrificial. When God created the world, He in His act of creation completely invested and sacrificed Himself out of true love, hoping that Adam

and Eve, His objects of true love, would also assume the same sacrificial nature of true love to build His joyful kingdom. Unfortunately, this hope of God was completely shattered by the fall of the first human ancestors who acted selfishly. But even after the fall, God continued tirelessly and sacrificially to pour out His heart of love towards fallen humanity, hoping that some day the whole of humanity would come back to him to restore the true love relationship.

In order to inherit and possess this true love of God, you have to strengthen the power of your conscience, overcoming your physical desire.”

“You know that some force within your mind is still urging you to live for the sake of others, practicing true love. That force is your conscience. Just develop and strengthen it. This may not be an easy task, at least in the beginning. But remember the situation of God: throughout history God has always been investing and sacrificing Himself for the sake of the salvation of miserable humanity. So, if you adamantly challenge your physical desire in order to develop your conscience, then God will definitely be with you to offer you His help.”

(Excerpt from True Father’s speech from The Rally for the Declaration of Absolute Values for the sake of harmony and unification....2004.5.13

“In the end, unless individuals who have perfected this harmony and unity between the mind and body gather to form families that meet the original, true standard, the realization of the kingdom of heaven on earth is impossible.

Thus, all people must live their lives in absolute obedience to the voice of the conscience, which precedes the principles of the three great subjects -- the parent, teacher and owner, which is like the root of our mind. You must listen to your conscience, which arises from the actions of your mind, and maintain a mind that knows how to modify its course at any time, anywhere, and is as clear as crystal.

No matter how strong the desires of the body, if you can willfully place greater force behind your conscience in accordance with the teachings of the Principle, your body will end up following your mind. If you cannot, you must strike your body through fasts and self-denial. If clear water continues to flow into a muddy pond, someday that pond will be clear again.

You must not let your mind grieve anymore. Disobeying the call of your

conscience and bringing sorrow to your heart will result in bringing sorrow to not only your parents but also your teacher and even God.

You must spend more time in joy with your heart. Although in the eyes of the world, your position may seem lonely and dismal, you should create an unbreakable bond with your heart and try becoming your heart's best friend. Within the harmony and unity of your heart and body, you will discover a world where all of heaven and earth will be spread out before your eyes.

If you reach the state of mind–body unity, your conscience and physical body will resonate. Buddha's saying, "I am my own lord throughout heaven and earth," should be understood in light of this dimension of the world of mind.

Ask your mind and it will tell you whether God is in your mind or not. You will reach that state where you can freely converse in harmony with creation through your mind.

Furthermore, you will be able to freely commune with the spirit world, and be able to live an earthly life that thoroughly prepares you for eternal life.”)

V. The Process of Proclaiming DP and TTM

A. Process of proclaiming DP

1. God teaches Adam and Eve: using the Language of Heaven

God taught them directly about not eating the fruit.

The Archangel was not supposed to teach, rather, they would have learned from the creation

2. Adam translates it into language of human beings after practice.

3. Adam teaches his children: Language of human beings

4. Adam's children teach descendants: Through "TTM"

The Korean language is not what's important, what is important is father's life. So should we learn from Adam or should we learn from the fallen Archangel?

5. Language Adam uses: Language of fatherland

6. Once Adam perfects, easy to learn DP. (10/8/09)

We have learned directly from Adam.

B. Similarities and differences among Adam, Jesus, and True Father

- 1. As God's direct sons, educated by God directly.**
- 2. Proclaims in language of humans only those content put into practice.**
- 3. Adam did not have any proclaimed content.**
- 4. Jesus only proclaimed content related to individual salvation.**
- 5. [TP "Proclaims after achieving completely!" \(2/30/12\)](#)**

(Excerpt "It is the settlement of the True Parents of Heaven, Earth and Humankind. The True Parents are the substantial beings who have settled. The proclamation of the word, carried out by the substantial True Parents who have settled, is not just done on earth. There is the spirit world, the heavenly realms. It is the proclamation of the word through God's substance.")

C. Value of "TTM"

- 1. Blueprint for Creation is in "TTM"**
Inside the blueprint is a blueprint of God
- 2. "TTM" are Words proclaimed from Substantial Self of Divinity**
- 3. "TTM" is a formula of which there is only one in all of Heaven and earth**
- 4. "TTM" is Absolute value, universal value**

V. Relationship between DP and EDP

A. History of EDP publication

1. Writing of Original DP (5/11/50~5/10/52)

During this time father himself wrote in 365 days, the divine principle in pencil, as script while receiving directly from God. Many members did not know that this existed, because it has not been published. The first people that came to the Unification Church copied it. There were about four people and then the people who came later copied from those people.

2. Publication of Explanation of the DP (8/15/57)

There were things from the ODP that the people of the world could not understand yet that were left out of this book. Still this book was not understood very easily even by the Koreans, such as the changing of the blood lineage, so it became the book published in 1966.

3. Publication of Exposition of the DP (5/1/66) this book was made for the leaders to be able to teach from, mainly to teach Christians. In the Original Divine Principle there were 54 quotes from the Bible mainly about the New Testament, but this new one which was printed in English had many more Bible quotes. Foundation of UC was weak, so they made it that way. HJN is saying now that we should go back to the original text of the divine principle, because many things were not explained by the EDP.

4. Exposition of the Divine Principle (7/17/96)

B. Background of publication of EDP

1. Exposition of the DP so that DP lecturer can give lecture

2. Audience of EDP is Christians

3. EDP: Appropriate for the Providential situation in 1966

4. DP includes the EDP.

5. "Absolute Value" "True Love" "Absolute Sex" "Parents of Heaven, Earth, and Humankind" Examples of things left out.

VI. True Parents and the 8 TTM

6. Age of Pyeong Hwa Shin Gyeong (9/12/05)

4. Family Pledge (5/2/94~4/18/04)

5. Pyeong Hwa Shin Gyeong (9/12/05 present)

If you only study this, you understand everything else.

These are the peace messages, the words of Adam and Eve before the fall, so they can be spoken to move Satan away from us. Satan should not be able to give messages, only God. When TF gave these, God's spirit was living in him, it will be transferred to us in Hoon Dok Hae even if we cannot easily understand the words. We can meet True Father by reading them. We cannot think we can not receive directly from God, because once the word is spoken and we respect the word and let the word become our subject, we can live in the Direct Dominion.

6. Gateway to Heaven True Family (1/30/09)

2. "I am in the DP and the DP is in me." (2/3/77)

3. TP meets "me and us" inside "TTM" (6/12/10)

4. Direct dominion inside "TTM"

5. TTM to be studied even in the spirit world

E. Author of "TTM" and content of bequeathal

5. Bequeathal of “TTM” is the greatest gift

C. Bequeathal of “TTM” and Box of Heavenly Blessing

1. Bequeathal of TTM and box of heavenly blessing
2. Bequeathal of the eight great TTM

These these messages were constructed so that we could receive the blessing. Also we can read them so that we could chase away Satan. Satan should not be able to give any message. God is the one who should be giving the messages, so when father was giving the speeches God came to him and was living in him even though we don't understand very well. When we read the textbook materials it will be transferred into us.

Why did father go to prison so many times? It was so he could create the textbook materials and give them to us. “If you want to meet me you have to do hoon dok kae”. We need to become one with the word to let the word be our subject and we can have direct dominion. And when we live this way and we can be with father.

So this is the way that we become one with God, we will understand how we

can receive from God and live with God. Lets read together,

**“I will be the Owner of Service with Loyalty of Heart.”

[Convention to Proclaim the Word 2010.7.8](#)

3. With the heart of attending TP (9/14/97)

VIII. Conclusion

- A. TP of Heaven, Earth and Humankind are alive in “TTM”.
- B. “TTM” represents TP.
- C. There is no perfection in ignorance. (8/1/96)
- D. Believe, know, or live together (9/14/97)
- E. Proclamation and application of Hoon Dok Hwe(10/13/97)
