Dear Brothers and Sisters,

We cordially invite you to join us for an inaugural three-day event from April 29 to May 1 in Washington, DC:

Black America - Our Journey:
*Charting Our New Course and Strengthening the
Alternative Voice*

The two-part event will feature:

A conference that explores the unique gifts and providential journey of Americans of African and Slave descent, leading to a pivotal role in **our nation's future; and**

An inauguration dinner highlighting two new organizations:
*The Moral Black Leadership Foundation and Leadership
Ignites Triumph.*

The objective of the conference and these two new organizations is to establish a vehicle for passing moral leadership onto subsequent generations of Black leaders. Our motivation is that moral leadership requires a Godly understanding of the anointed inheritance and unique traits of Black Americans, the meaning of being a True American, and an awareness of the requirements and responsibilities for social change and world peace.

These events will take place in *The Washington Times Arbor Room,*

3600 New York Ave NE, Washington, DC 20002. Additional details on transport, accommodations and cost will be forthcoming.

The Moral Black Leadership Foundation (MBL) is rooted in the **awareness that the ancestors from America's slave culture have** been powerful contributors toward building a better and more just society here in America. Struggling without recognition, they fought and forged a culture supportive of deep spirituality, human dignity, hard work and cultural creativity.

This awareness is directly relevant to today's turbulent political and social environment. We seek solutions, resolution, and reconciliation. **Africa's DNA has always been a pertinent ingredient towards America's progress and success.**

Therefore, the way forward for America involves a critical, leading role for African Americans and Americans of Slave Descent. The MBL foundation now emerges, articulating that role for moral black **leadership in America's future, as the "Alternative Voice."**

Leadership Ignites Triumph (LIT) is a youth leadership education project that will create curricula to educate our youth towards building a greater America and a world of peace. During our April 30th Inauguration Dinner, we will honor unsung heroes and heroines from our African American and American Slave Culture whose extraordinary lives and contributions uplift the values and vision of LIT.
