

How do I go forward after
Foundation Day?

How does 'Father-Mother God' See Us?

- With gratitude
 - With hope
 - As though we are innocent – before even the commandment was given!
 - It means we can really put the past behind us
 - Look at myself with forgiveness and kindness
- (free from self accusation and insecurity; “being completely free”)

Does this happen magically?

- It happens when we take a decision to receive this blessing
- When we actualise the change of awareness of who we are
- Let's see this from the point of view of the D.P.

What to avoid

Why Heavenly Parent?

- Because the image of God in this world and cosmos is now completely balanced between fatherly and motherly love.
- The priestly class is now a man and a woman
- Immorality, men and women disrespecting each other, homosexuality, cruel parenting, will disappear.
- We don't need to be overwhelmed men or insecure women

Let's create an environment of faith, of kindness, friendship and sincerity in a **COMMUNITY**

“I have sometimes said that we need to create a good environment, when you say one word those listening to you will understand ten words. In the beginning, when God created Adam and Eve, were they able to communicate with God or not? They were able to exchange questions and answers with Him. The same can be true for us. When the blessed families create such an environment for themselves, they will be able to witness with the littlest of effort. After Foundation Day, you may see such amazing miracles being wrought, depending on how much sincere effort you make. I guarantee this.” True Mother Heavenly Parent's Day 2013
