

Dinner: UPF and WFWP Spain

Madrid, Spain, 7. March 2014

UPF and WFWP Spain organized a dinner with long time friends and people who participated in our events over the years mainly as speakers, moderators or co-organizers.

There were 26 of us, 20 guests and 6 members.

In order to give some content to the gathering, we invited our brother Jesús González to share some ideas about the values that are needed to create a world of peace. His talk roused much interest and people were

asking questions or making comments on what had been said.

For a closing, Armando Lozano briefly shared about some of his experiences with Rev. Moon, the founder of our organizations.

We expect to have such dinners every two months. Our intention is to re-contact people who we haven't seen for a while and make sure we are ready to collaborate with other initiatives for world peace.
