Milano, Italy, 10. October 2012

by Alberto Zoffili

Dear Families

Last Wednesday we held the program with Rev. Yang Hur.

Rev. Yang Hur. born in 1948, UC member since 1965, Blessed in 1975 with 3 children and 5 grandchildren, serves in the World Mission since 1990, Japan, Asia, Boon Bong Wang in Monaco etc. Since 2011 he is True Parents' assistant, and responsible for all World IWs.

He came to Milano with his second son, which is studying for 14 years in France, who translated for him. As a beginning we watched a Video - Tribute to True Father..

Then Rev. Hur introduced the topic: **Our Responsibility and Mission from now.**

"I'm travelling around nations according to a direct call from True Mother. Now we cannot listen anymore to True Father's voice, we feel sadness, it's like a (bad) dream.

Rev.Hur divided the theme in 4 sections:

WHO IS TRUE FATHER

HOW DID TRUE FATHER LIVE - He denied all his personal desires and needs, total dominion over his body. Until the last day of his life, he offered incredible conditions for the world.

WHY HIS DEPARTURE IN THIS TIME - Because Father went beyond every physical limit, otherwise he could have lived much longer. Also for spiritual reasons, often he would say he needed to go to spiritual world as soon as possible, in order to bring unity in the spirit world, and with the physical

world, and bring a great victory for Foundation Day. And also due to our failures, in fulfilling our responsibilities, he had to carry our burden. Now True Mother will have to continue this mission. We want to help her all the way, right?? YES!!

Finally Rev. Hur brought the SPECIAL MESSAGE FROM TRUE MOTHER: "To go back to the original spirit of our Church, explaining Divine Principle every day, all members must become DP teachers. And to take more care of our Second Generation, educate them properly; they are our future, in our Church there are too many elder leaders."

Rev. Hur concluded his message with a deep prayer.

Followed by a flower offering and group picture.
