

Clifton Family Church: Survey should we continue to finance Camp Sunrise?

Manoj Jacob
November 9, 2016

"The Clifton Family Church council is faced with a decision about whether or not our community will continue to take on financial responsibility for Camp Sunrise in 2017. The council, together with the Camp Sunrise Board, has put together a survey along with a report on the 2016 camp season and is looking for your feedback on whether Camp Sunrise should keep our support.

Please take the survey and see the report here:

Please complete this survey by Friday at 5 pm so that the results can be included in the open council meeting on Friday at 7:30 pm.

If you would like to contribute to the final discussion on this topic, please make sure to be there at the open council meeting.

Camp Sunrise Survey on 2017

This year, Camp Sunrise saw a 30% reduction in the Children's Sleepaway program attendance and experienced a \$52,195 net loss. This is a 60% increase over last year's \$32,788 net loss. The Camp Sunrise Board is currently launching a fundraiser to help reduce the current debt of \$46,000 debt and make it possible to keep the camp for the 2017 year. Any remaining loss will be paid for by the Clifton Family Church, Belvedere Family Church, and New York District Churches as the financial backers of the camp in 2016. Please see the report at the link below for additional details on program statistics and finances.

Based on the 2016 Camp Sunrise Report, we would like your input on whether or not you think that your local church should continue its financial support for the camp. If you strongly feel that our communities should keep the camp, please considering donating to the fund raiser (coming soon).

If you are motivated to contribute to Camp Sunrise in other ways than financial, please feel free to contact the Camp Sunrise Board at campsunriseboard@googlegroups.com.

2016 Camp Sunrise Report

Camp Sunrise

Camp Sunrise has been a cultural mainstay in our community for decades and has touched the lives of thousands of people, from the days of the nation wide summer workshops to the local camps that still go on today.

This year, however, Camp Sunrise saw a 30% decrease in sleepaway program attendance over last year and a 65% increase in net deficit, continuing a trend of net loss. As a result, all of our communities in the greater New York area are called to reflect on the value that the camp provides and weigh it against these increasingly large deficits to help our communities decide what will become of the camp in the 2017 year.

Towards this end, this report provides information about the camp experience this year with some comparison to previous years.

Main Benefits and Concerns About Sleepaway Camp from Camper Families

Benefits

- Opportunity to build many good relationships in a supportive environment
- Rejuvenates young campers for the school year
- Nature provides something that a suburban and urban setting cannot
- DP education for our youth
- Campers find role models in their older BCs (counselors)

Concerns

- Counselors too loose on boy-girl relationship issues
- Web registration portal is too complicated

Camp Sunrise has depended on community support year over year

- HSA donations were largely made by the local churches of Clifton, Belvedere, and the New York District
- Member donations are those given by individuals

Cost of Keeping Camp Sunrise

- \$46,000 debt must be payed off before the end of the year
 - \$13,800 by Clifton Community, \$18,400 by Belvedere Community, and \$13,800 by the remaining New York District
- \$50,000 annual fixed cost (including a \$15,000 in start up costs)
- Altogether, our communities will need to come up with \$61,000 before the camp opens in May in order to keep the camp for the 2017 year
- The camp will also need new people even as the staff of previous years have been drawn too thin

Fundraiser

The Camp Sunrise Board is currently organizing a fundraiser to give you the chance to save and keep the camp alive if it is a legacy that you feel is worth the cost and effort to turn around.

The fundraiser will only cash out on funds raised if it is able to reach its goal of reducing the camp debt to \$10,000 by raising an additional \$36,000. Please stay tuned for when the fundraiser is released.

Potential Opportunities to Increase Income in 2017

1. Increase year-round fundraisers to help keep sleepaway program fees affordable for our families
2. Form sponsorship partnerships with our church businesses
3. Revitalize camp participation with expanded promotion to the Pennsylvania, Maryland, and Connecticut regions
4. Establish a seasonal pass for a fee that will grant interested community members unlimited access to visiting the campgrounds throughout the summer
5. Establish a Camp Sunrise Alumni Association with a complimentary camp reunion for association members

Alternative Venues for Future Camps

Due to the high cost of upkeep for Camp Sunrise, it should be taken into consideration that there are other rental sites available that could be used in place of Camp Sunrise for future programs.

1. Camp Daddy Allen is a site next to Camp Shehaqua in Pennsylvania that has been used in the past by the Clifton Family Church for children's camps.
2. The American Camp Association has a list of camps that rent to outside groups.
