## GREETINGS FROM PASTOR

**DEAR BROTHERS AND SISTERS,**

I believe, with the love and grace of God everyone doing well. I am in Cheongpyeong, joining True Parents Birthday and Foundation Day Anniversary celebrations. The last couple of days I had multiple chances to listen to True Mother. True Mother is encouraging us to live a principled life, and she reminded us that God created everything in pair system, modeled after God's own masculinity and femininity. She also mentioned that because historically, religions promoted only the masculine aspect of God, the feminine aspect God was disregarded and forgotten. Heavenly parent's dream is to establish a world where we understand our Heavenly Parent correctly and live in harmony. Creating that heavenly culture in the world is the mission we inherited from our True Parents and Heavenly Parent.

Also, I hope all of you join the celebrations through the broadcast. The musical was fantastic. The clip from Yankee Stadium rally was showing the victory brought by the conviction and courage of True Parents and our elder members. Also, the clips surrounding True Father's incarceration at the Danbury prison shows us that with absolute faith and conviction in God's providence we can turn any kind of malicious attack to a victory.

Also, want to thank you for your generous offering for the holy days. In case if you haven't got a chance to
