

Easter CARP Workshop

Heart to Heart

El Manantial del Corazón, Spain, 2. April 2015

The HARP Committee 2014/2015

In this past Easter workshop in Spain, we wanted to encourage people to do things from their hearts and not from the will of other people but theirs. It was also mainly about how to build true relationship of heart with Heavenly Parents, True Parents and people around us.

Our workshop motto was named “Heart to Heart” because we wanted to emphasise on connecting their hearts to the church meaning of “using your heart in everything you do”, living for the sake of others because you really want the best for God and for your brothers and sisters, which is God’s ideal goal in the restoration of the providence. The first day was about, explaining our point of

view of what it means for us having this kind of heart, giving and not expecting to receive, doing things from your own will and how to make a step forward to the life you want to make for yourself. There were lectures about taking “responsibility”, taking “Initiative”, to get out of your comfort zone, about what “life of faith” means for them, “purity” from a sister’s viewpoint and a brother’s viewpoint, “True Father’s life course” and the last lecture was the meaning of the “Family Pledge”. The third day was the challenge day where we gave them some stations where they had to choose what they want to improve in their lives. Before starting the prayer evening, we had a prayer lecture/testimony which guided us and gave us tools to have a better time with God.

There were many moments of enjoyment, spending time with games and activities, bringing team unity and sharing time together along a bonfire after our prayer evening. The last night we had our family evening where everyone could share many talents and feelings at the same time.

We tremendously appreciate all the participants, team leaders, cooking staff and the workshop staff, in total 27 people, that attended whom made this happen. For last but not least, Thank to our Heavenly Parent and True Parents because nothing of this would not have happened without them.

Thank you!
