On July 13th, 1965, True Father came to Madrid to bless the Holy Ground.

One Japanese sister Takiko del Monte, got the idea to celebrate the anniversary, organizing a lecture about True Father's life and celebrate his centenary.

We are now preparing the posters for the centenary, unfortunately we could not get them printed for this day. Anyhow we did a small exposition of pictures of True Parents when they came to Spain.

Armando Lozano gave a lecture about True Father sharing pictures and speaking about True Father's life, his heart, his love and heart for God, for the people and for nature.

40 persons gathered including 22 guests, enjoyed the lecture and we finished sharing snacks and Korean food.
