

3 Days Divine Principle Workshop in Spain

Manatial del Corazon, Spain, 6 - 8 May, 2022

By Manuel Campillo

As part of the ongoing European level 40 Days Witnessing Condition, a 3 Days DP WS was held in our training center near Madrid. Several efforts were made in order to be able to hold a very successful WS. First of all, we show our firm resolve to reach and educate our contacts. We were intentional, as to find ways to reach different people.

In one hand, our Blessed families started doing witnessing outreach at the University, to reach young people; other families mobilized themselves to give away different witnessing materials, house to house, visiting religious institutions, to give away True Mothers Memoir, telephone outreach to friends, etc, and one very important ingredient were a group of prayer warriors, mainly sisters, that were behind the scenes, to mobilize heaven. Our Blessed families focus for this WS was, how to create the environment during the WS, to help our spiritual children to experience Heavenly Parents heart and His loving embrace. We felt that as our beloved TM is asking us to make a new beginning, to renew ourselves and be spotless, we should be able to show a new heart, a new mindset, and help our friends and contacts to have a rebirth experience. For that to happens, we have to be channels, so that Heavenly Parents can be felt

in our midst. From beginning to end of the WS, this was our heart and motivation.

Miracles happens in the presence of God, so, even a few days before the date arrived, we were not sure who will come, but gradually, one family after another, confirm the coming of their guests. So, the miracle happens, and God gave us for this WS, 11 of His loving children in our care, to love and educate them. Besides, several of our Blessed members also attended and help to run the WS, including the help and example of our National Leader. All together we were in attendance, 23 people. Thank you to Manuel Campillo, Mario Magaz and Mercedes Gonzalez our lecturers, Amalia and her husband Takashi, Ruth as kitchen staff and all those who brought their guests.

We learn once more, how important it is to be united in the effort to reach HP,s children. Our Blessed members unity was felt all through the WS, as we all focus in giving love to our participants. After the WS was over, the participants express how joyful, open and clear, as they felt an elevated atmosphere. We felt that God is telling us; "You see my children, together, you can do it, and you can be victorious", "this is a new time, to march forward guided by our beloved Only Begotten Daughter"

Thank you, Heavenly Parent, thank you True Parents.
