January 30, 2019

On Wednesday 30th January 2019, W-CARP Czech Republic organized a cultural evening for our witnessing purpose. Since we have a GPA team from America, we decided to make an American Night! It was a successful event with cooperation of American GPA, European STF, Korean and Japanese missionaries and Czech local Second and First young generations. We had a total of 5 guests.

After an exciting start with icebreakers, we also received a presentation about FFWPU and W-CARP from the team leader of the STF team, Francesc. After that, we received a presentation about the US from our GPA member Helen. Then we moved on to dinner, where we had the opportunity to taste a little bit of America with lovingly made burgers!

Finally, we had a lot of fun with the GPA brothers, who organized a Jeopardy (quiz)! We went from writing as many States as we know to singing the National Anthem, all to discover America better!

It was a really nice family atmosphere, and we are sure we made an impact on our guests!
