## „The Principle of Creation“

Vienna, Austria, 15. November 2012

---

On Thursday, Nov 15th, 2012, Sanghoon Mudgett, an American-born 2nd generation of Unificationists who lives in Vienna, presented the first chapter of the Divine Principle to an audience of some 30 guests, young Unificationists and their friends.

He used a Power point presentation which appealed specially to the young people, and as some of the guests were not German native speakers, they were happy to hear the lecture in English. Sanghoon, who majored in Psychology from Bridgeport University, USA, used good humor and powerful arguments to get the content across.

Before the lecture the guests could listen to live music by young Unificationists.

After the lecture the guests could exchange their ideas and ask questions in discussion circles.

Parallel to Sanghoon's lecture Mrs. Elisabeth Cook gave a presentation on "The Three Pillars of Faith" for guests who had already heard various chapters of the Divine Principle. It contained an explanation of the fallen nature of man and the restoration through practicing a life of faith (Sunday Service, prayer, reading, fasting), serving people (evangelizing) and financial sacrifices (tithing). Five of the elder guests attended.

The day before the lectures first and second generation UC members distributed flyers on the street. Two guests responded to this effort.
