WFWP Italy held a Festival on the theme, "Flavors and Culture from around the World", it took place at the Peace embassy in Colle Mattia in Rome on 2 June 2018. Members and guests of WFWP offered typical dishes of their native countries, and we shared it all together.

Japanese members entertained the guests teaching about Japanese writing and origami, They also brought beautiful Kimonos to let people dress up.

Many people came, young and old, and enjoyed the family atmosphere: Like in a big family with many different cultures, we learned about different traditions and food, and most importantly we shared our heart and love for God our Parent.
