

WFWP SW Europe: Sharing about WFWP Europe Annual Conference in Tirana

Elisabetta Nistri
November 3, 2025

In response to the kind requests of many members who were unable to attend the WFWP Europe annual conference held in Tirana in October 2025, and who wished to learn about its contents, an online meeting was organized with two of the members who participated and who shared their experiences, Manuela Biava and Edda Grande.

They were very impressed by the high caliber of participants from the worlds of politics, educational leadership, associations, and entrepreneurship, representing 33 countries including Europe, Africa, the Middle East, Asia, and the United States.

Through this experience, they were able to better understand the work that WFWP is doing to unite women leaders from around the world to work together for peace.
