July 27, 2016

On the 27th of July 2016, the Kamga family and some of their spiritual children organized a 2 day Heavenly Tribal Messiah workshop in “Yemsum” village in the center region of Cameroon; about 40 people participated out of which 7 couples took the blessing, including the couple of the local chief.

Afterwards, they gave a weekly “follow up education” (Divine Principle) every Wednesdays during the 40 day separation period. Finally they gave the 3 day ceremony education on the 6th of September 2016; clearly explaining its meaning and significance. All the couples were very happy to go through this process.

Reflection

An elderly couple (the husband) said that he feels refreshed and strengthened in his faith and spiritual path

Another couple (the husband) said that from now on they have to be models such that the other village inhabitants will notice how blessed and special they are.
