On 27th June, 2020, IAYSP Cameroon held a one day workshop on character education in Buea at the cooperative site of Mr. Tazifor.

The participants were the interns the CDSTS school in Kumba.

The 9 students on internship were gathered by Mr. Tazifor (founder of the farm cooperative) with an aim to give them a balanced education (education of heart and intellect) on his cooperative before the end of their internship program.

The students were lectured by Mr. Ihimbru Stavious Bache, a Youth Ambassador for Peace, on the overview of IAYSP, what does it mean to be good, where do we learn to be good.

The workshop ended at 4pm with very good impressions from the participants.

They all expressed satisfaction and wish to further participate in such workshops if organized.
