

# One Day DP Workshops in Tirana and Korça

## Tirana 15 November 2014

Dear brothers and sisters!

On 15th of November in Tirana Centre, was organized One Day DP Workshop and wanted to share this with you as it was very special for members and the new guests.

There were twelve guests who attended such a workshop for the first time a Divine Principle workshop. They could attend lectures of the two first chapters, Principles of Creations and Human Fall. Special positive energy was created since one day before from members who offered a witnessing and fundraising conditions for the success of that workshop, and the result was very visible.

The break time created also a very good feeling and was turned out as a very valuable time to know better the guests and to get a live reflection from them.

We would like also to share our joy that this time is a good time for young people who are in search of information's connected to life issues and it makes us more responsible that beside the spiritual support, we need to prepare ourselves more to become owner of such time, as followers and representative people of True Parents and heavenly Parents in Tirana. Thank you all for the support and investment!

### **Korca, 14 December 2014**

On 14th of December, in Shkodra Center we could organize 1 Day DP Workshop entitled: "Love God, Love Nation, and Love People". Part of this workshop were 23 people from whom 10 was for the first time. The purpose of this workshop was to give to guests some more advanced lectures for those who came few times, and to create a more family spirit between members and guests. The workshop included four sessions of DP lectures from the: Fall of Man, Purpose of Messiah, Principles of Restoration and Families in the Providence of Restoration. During lunch time was organized different activities in groups to enjoy, but also to fill the day with different emotions. I think we reached that goal, because at the end all was very positive, happy and expressed the desire to come again.
