

Report on meetings with the leadership of Local Peace Councils in Albania

Dear all,

Following the plans of UPF for 2021, the Chairwoman of UPF Albania Dr. Eva Çipi and Secretary General continued last weekend the meetings with the leadership of 8 Local Peace Councils in 2 regions in the very south of Albania, where we distributed also the UPF Peace Magazines.

On May 22nd, on the beautiful Ionian seaside, the leadership of 3 Local Peace Councils, along with some Ambassadors for peace, gathered to welcome the new leader of UPF Albania Dr. Eva Çipi. Mr. Thoma Nika, a well-known journalist and chairman of Saranda peace Council moderated the meeting. At the end, 5 new Ambassadors for peace from 3 Peace Councils received the Ambassador for Peace Certificate.

After the meeting was over, another strategy meeting took place where the leadership of Saranda Peace Council willingly decided to pioneer a pilot project to collect the membership fee from all Ambassadors for Peace and we will prepare IDs from HQ with their picture. We hope to finalize successfully this project within this year and complete this process for about 200 Ambassadors for Peace from 3 Local Peace Councils.

On 23rd of May we moved to Gjirokastra city where we met the leaders of 5 Local Peace Councils. The meeting was very warm and everybody felt embraced by the new UPF leadership. A plan to organize a regional conference on the harmony of minorities in the region was discussed & autumn looks a good time to realize it.

Among leaders of Local Peace Councils was also Imam Hysen Hormova, who is currently the Chairman of Halvety Order in Albania. He attended World Summit 2020 and expressed again the greatness of True Parents teachings. Among others, he said that often he was accused by other why he is part of UPF and attends Dr. Moon, by he said I felt God is preset with them and according to Dr. and Mrs. Moon all people are the same and they respect the value of each religion that's why he feels at home.

We will continue in the coming weeks the meeting with the remaining Local Peace Councils & other events.
