

12th Coffee break with Christian Pastors at FFWPU Brazil Central Headquarters

Koichi Sasaki
April 3, 2024

It is with great enthusiasm that we shared the Coffee with Pastor's gathering in District 1 of Brazil. This gathering began in August 2023 and has already reached the 12th Coffee break with Christian Pastors at the Central Headquarters.

The gathering was truly inspiring and full of significant moments and its objective is to create partnerships and friendships with Christian leaders and their congregations, to strengthen relationships with Pastors from other denominations.

We were honored to receive 32 pastors representing different churches and denominations of the region. The diversity of perspectives and experiences immensely enriched our expectations. At this meeting we reflected on the importance of working together towards common causes, recognizing that our unity strengthens our ability to positively impact society.

The coffee with pastors creates the opportunities to introduce them to the content of the Divine Principle through special workshops for Pastors, thus taking them to know the True Parents of Heaven, Earth, and all Humankind.

At the end of the event, the True Mother autobiography was distributed and presented to each person.

The number of pastors wanting to participate in our event is increasing, and all participants are very active and excited to do activities with us.
