

I realized God's heart for even the lowliest person

The Story of Prophet Hosea was of great meaning to the first Israel.

My wife brought it up during our travel under stormy Virginia sky's on the way to Washington, DC for the Hyo-Jeong Special Event.

It moved me a lot when I realized God's heart for even the lowliest person when He asked Hosea to marry a harlot. Purpose then was to show that God saw such spiritual corruption in all of the Chosen people.

Applying this to us members, of the Third Israel just moved me a lot, as we just were getting ready to renew our efforts to liberate our Ancestors.

Isn't it that Heart of God that we need to have when we think about the even lowest of our Ancestor which all of us may have. When thinking about how they must be moved that we would actually care that much even for them - Tears came to my eyes.

When I was asked unexpectedly to give the Opening Prayer shortly before start of the first days program - Hosea's Story came to my mind, as I thought that it presented the right heart of caring, compassion and forgiveness that we all needed to express towards those deep down there, that needed that spark of new hope for new Life and for eternity. Love is we all need.
