

FFWPU Cambodia: 2-Day Youth DP Workshop - *Discover Your Unseen Potential*

Chamroeun Sophal
September 22, 2024

On September 21-22, 2024, FFWPU-Cambodia, IAYSP-Cambodia, and Heavenly Top Gun Missionaries conducted a 2-Day Divine Principle Workshop for youth under the theme "Discover Your Unseen Potential." This workshop aimed to highlight how young people of any age can engage, enrich, and contribute to creating a peacefully unified world.

During the workshop, the speakers addressed five key topics: 1. The Principle of Creation, 2. The Human Fall, 3. The Principle of Restoration, 4. True Parents' Theology, and 5. The Significance and Meaning of Blessing. Through these five lectures, we hope to cultivate, prepare, and encourage more young people with potential for the upcoming 2025 blessing.

Young participants from various universities and the Cambodian second-generation youth attended to learn about the Divine Principle and to cultivate their artistic talents, such as dancing and singing. Mr. Chamroeun Sophal, President of FFWPU Cambodia, shared the mission and vision of the True Parents and explained how youth can join in our work, as well as the founder Mother Moon's mission and vision. Dr. Tang Kimsruey, Vice President of YSP Asia Pacific, highlighted the crucial role of youth in the Cheon Il Guk era.

Twelve young new participants successfully graduated from the workshop, each determined to live according to these principles, especially maintaining purity, and they look forward to working with True Parents.
