

Kenya's one-day Divine Principle workshop to prepare couples for Holy Blessing

Emmanuel Tanui
July 22, 2017

On July 22, 2017, we held a one-day Divine Principle workshop to prepare the participants to receive the holy blessing of marriage from our True Parents. We had 711 participants who gathered at the national stadium and among them 258 couples received blessing of marriage.

Both peace ambassadors and bishops were inspired so much that they have asked us to hold the blessing ceremony for their organizations as well. Specially, Bishops requested for workshops and blessing ceremonies in their respective churches. The peace Ambassadors promised to support future events. They will go on to introduce God centered family value education in their institutions.

All the foods and drinks including water for the day was contributed by religious organizations.
