FFWPU Burkina Faso: We had a four-day 'Heavenly Tribal Messiah Departure Seminar' from January 1 to 4 at the beginning of 2015 and 75 people participated. Rev. Ky Thierry, the national leader of Burkina Faso and Special Envoy, Rev. Tatsuo Sasaki were the main lecturers.

The purpose of this workshop was to understand Divine Principle and renaissance of spirituality for all the members.

On first day, Rev. Ky Thierry gave a lecture about understanding and practicing the right daily life and activities of Tribal Messiah. We had all the participants divided in 12 groups. On the second day, representative of each group gave lecturer about general introduction of Divine Principle.

And a professional accountant, Mr. Sidi Mohamed gave a lecture about financial affairs.

On the third day Rev. Ky gave a lecture about Heavenly Tribal Messiah activities. On the January 4th, the New Year Sunday service officiated by Rev. Ky Thierry at the Burkina Tabernacle which was built recently. And right after the Sunday service, Special Envoy Sasaki explained about the way of True Father.

The roof of 'Burkina Tabernacle' is made by aluminum. This blocks against strong sun light during 9 months. At the rainy season, it will be very noisy, but maybe not every time.
