Dear Friends and Colleagues,

The Women's Federation for World Peace International (WFWPI) is an NGO working in more than 120 nations, dedicated to empowering women and girls as vital peacebuilders and leaders. Through education, advocacy, partnership, reconciliation, and humanitarian service, we strive to create a more peaceful, just, and equitable world. Our active presence at major United Nations offices underscores our commitment to advancing women's roles in shaping the future.

Since 2001, our WFWP EUME (Europe and Middle East) annual women's leadership conferences have been held in prominent venues across Europe, providing a vital platform for women leaders and emerging young leaders to share knowledge, tools, and resources, and to foster solidarity and collaboration on global issues.

We are pleased to announce that this year, the upcoming conference will take place from October 24-26, 2025, at the Hotel Mak Albania in Tirana. The vibrant capital city of Albania, known for its resilience and warmth, welcomes participants to explore the theme:

### "Pathways to Peace and Development through Women's Initiatives"

This theme emphasizes the crucial role women play in forging sustainable peace and fostering social development. It encourages us to explore innovative pathways and strategies led by women to address conflict, promote social justice, and accelerate economic growth. Through dialogue, shared experiences, and collaborative action, we aim to inspire transformative changes driven by women's leadership.

#### Join Us

Leaders, innovators, and changemakers from across Europe, the Middle East, and beyond are invited to participate in this pivotal event. Your knowledge, talents, and experiences are vital in shaping pathways toward peace and sustainable development.
