

WFP Austria: *Color My Heart* Painting Competition for Children

Renate Amesbauer
November 2025

This *Color My Heart* competition was carried out in different parts of Austria.

After 4 months of inviting children from ages 4-14 among friends and families of our community, at workshops in the summer, in one kindergarten and one school class in Vienna, a hybrid event was organized with a presentation of the pictures, and some interactive songs were played.

Each child received a document of appreciation and 1st, 2nd, and 3rd prizes were acknowledged with a small gift, plus four extra gifts!

After the hybrid part we continued with snacks and some group games.

Five families attended in Vienna, three families in Graz, and several attended online.

The parents deeply appreciated this initiative, especially addressing children!
