Dear Leaders,

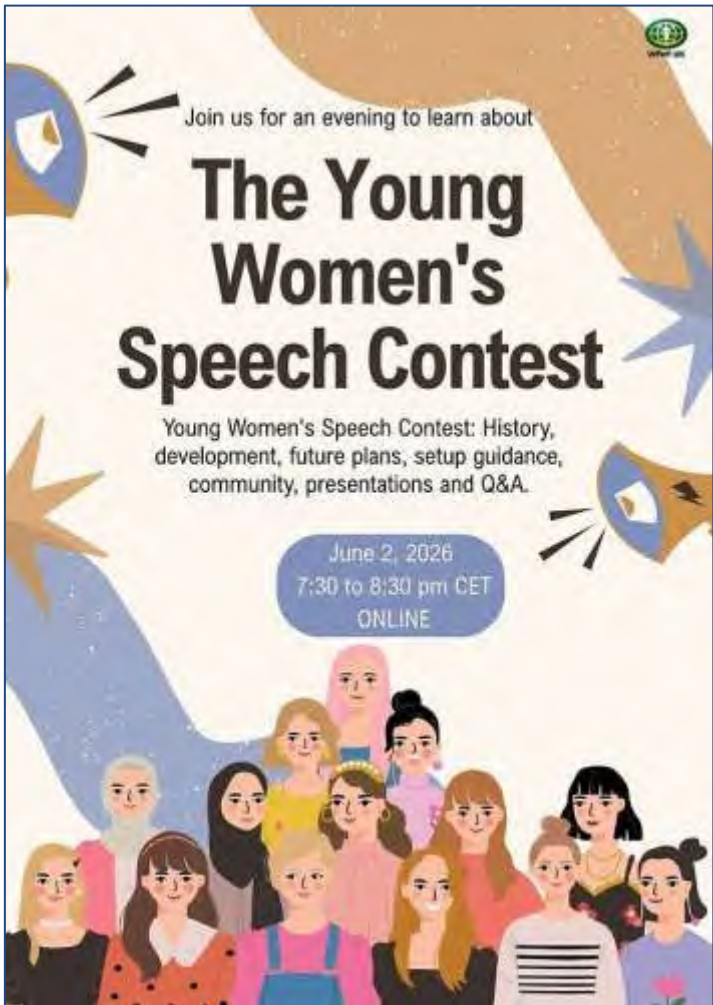

We are pleased to share our upcoming leadership training and capacity-building sessions taking place in June. These gatherings are designed to strengthen our leadership foundations, encourage collaboration, and create opportunities to learn from one another through shared experiences and best practices.

This initiative aims not only to support and empower our current leaders in their important work, but also to encourage the integration of younger women into the organisation, fostering intergenerational cooperation, diverse perspectives, and sustainable leadership continuity for the future. Please find below information about the two upcoming sessions. We would greatly appreciate it if you could share this with your leadership teams.

We look forward to your participation and to growing together through these meaningful exchanges.

Warm Greetings

Mitty
