

## WFWP Norway's Peace Picnic: Women in Leadership

Marea Toresen

June 27, 2015

Oslo, Norway

In the beautiful summer weather, WFWP Norway gathered on picnic blankets on a grassy hill to enjoy the sun and food, and share our thoughts on Women in Leadership. The sharing was structured into seven-minute sharing sessions where three women were each given seven minutes to share their unique view or experience with women in leadership. We all then discussed the points that were brought up.
