Members gathered for an open-air Sunday service and celebration of the Chil Il Jeol and Chil Pal Jeol Holy Days on a beautiful sunny morning in a park above Oslo.

Each family sat together on their own picnic blanket in order to keep the rules of social-distancing.

We sang songs accompanied by guitar and then our national leader gave a sermon explaining the meaning of the holy days.

Next we shared fruit and sweets from our very special outdoor offering table.

Each family brought their own picnic and later we played frisbee, croquet and football.

It was wonderful to meet up again face-to-face after a long period of zoom services.
