

Marriage Rededication during the Schueberfouer, Luxembourg's biggest fair

On 28 August, 2019, during the Schueberfouer, Luxembourg's biggest fair, we were able to obtain the authorization to set up a stand in Luxembourg city centre.

We chose this day because it was the family day for the fair.

We offered to take photos, on a beautiful background formed by a roll-up banner and two vases of flowers, to the couples, and single persons who showed interest.

Then 48 couples or single people could share a special cup of juice to rededicate their marriage or prepare for the future.

Although the display on the wall behind us included canons, it was in fact an advertisement for a museum in the 3 Acorns Park, where our "Holy Ground" is located.

We felt this helped to create a warm and welcoming atmosphere.
