March 26, 2022

More than 60 people attended, from eight countries, beginning with Holland, Spain, Canada, Brazil and Portugal.

From Lusophone countries, in other words Portuguese-speaking nations, there were attendees from Africa - Angola, Mozambique and São Tomé and Príncipe.

The theme was: "Women and Peace - What are the Challenges?", which was very well presented by the three women speakers (Dr. Isabel Costa, Dr. Ritvania Barrica and Dr. Odete Costa).

The former National Leader from Portugal, Prof. Liberto Silva, opened the event with words of deep appreciation for the founders, giving the example of the Mother of Peace as the role model for the Women of Peace, and also spoke about the 30th Anniversary and the history of WFWPI."
