

## Invitation to Konosuke Aoki's upcoming Professional Kickboxing Match

January 4, 2014

Konosuke Aoki is a second generation from Saitama, who has been practicing martial arts from high school. After attending STF for two years, he decided that this is a way he would like to witness.

As second generation, we need to enter all sectors and represent our Heavenly parent and true parents by setting the example and witnessing through our actions and behavior.

Konosuke's goal is to ultimately become a kickboxing champion in Japan, and offer it up to God. So far he has a record of 100% wins in his professional fights, and at every match, his popularity has risen.

This has also been thanks to the support he has received from the Japanese second generation in his area.

To have the support of our international community would mean a great deal and add a

lot of value to what he is doing.

So if you enjoy martial arts, or would just like to show your support, Konosuke can arrange discount tickets for the event. It would be a pleasure to see you there.
