The Tribal Heavenly Messianism activities in Côte d'Ivoire have been gaining momentum since the setting up of the team of homeless people who travel through the various provinces to support the various families involved in the field.

On July 08, 2018, there was an occasion for the blessed central families of Cote d'Ivoire guided by the National Leader to celebrate two blessed families who have just victoriously completed the blessing of 430 couples.

We had 212 participants, including leaders of provinces, departments and providential organizations, central blessed families and members of Abidjan and surroundings

These are the KOUAME Micareme family and Janet Asukwo (Leader of the Province of Bongouanou in the Center-East of Côte d'Ivoire) and the DOUEU Rosalie Family whose husband is in the spiritual world (member of the West Abidjan Province).

These two families respectively completed the 441 and 462 couples thus becoming new Victorious Heavenly Tribal Messiahs. Their victories bring to 5 the total number of victorious Tribal Messiahs in Ivory Coast, a nation with over 5000 blessed couples.
