The Cosmic Blessing 2023, which was held in May this year, was a new impetus from which we are witnessing a more intense mobilization of leaders and parents who wish to educate our blessed children, the second generation so that they understand the value of the Blessing, given by Heavenly Parent and True Parents and prepare themselves properly to receive it.

With this in mind, and to mobilize all the potential candidates for the Cosmic Blessing 2024, we conducted a two-day Regional Online Parents Matching Convocation Orientation on July 12 and 13, 2023. And more than 170 people participated through Zoom from different locations in Africa.

Given the gap between the number of brother candidates and the number of sister candidates, this Parents' Matching Convocation orientation aimed to mobilize more brothers as much as possible, raise their awareness, and give them hope.

To this end, illustrated by pictures, the Regional President of Africa, Rev. Jean Pierre Kadima, the Regional Vice President, Mrs. Mica Amalaman, together with the

Regional Director of the Blessed Family Department and the Regional Youth Coordinator made their contribution with their lectures and guidance.

The next step is for the candidates to send their required matching documents.
