I Believe

I believe in the God of Abraham, Isaac and Jacob.

I believe in the God in the God of Moses, Joshua and Jesus.

I believe that God created man and woman in His own image.

I believe God blessed us to be fruitful multiply and have dominion over the fish of the sea, the fowl of the air, and over every living thing that move upon the earth.

I believe that God mankind responsibility, and that is why He did not interfered when they fell.

I believe that if God did interfere to prevent the fall, mankind would have no value, no free will and be no better than robots.

I believe that God had faith and great expectation that the first humans would fulfill their responsibility and exercise their free will to follow His commandment and accept His blessing to be fruitful, which means to be perfect.

Jesus also proclaim that humans "must be perfect as our Heavenly Father is perfect".

I believe that all have the potential to reach perfection.

I believe that perfection is only possible when we fulfill our human responsibility.

I believe that Adam and Eve were created to be the only begotten son and only begotten daughter of God, but lost their position when they fail in their responsibility and never reach perfection.

I believe that Jesus was the first to fulfill his human responsibility and became the only begotten son of God. And he was called the second Adam.

I believe that part of Jesus mission was to find the second Eve the only begotten daughter of God and consummate the "marriage of the lamb".

I believe that just as "death" came to us through the fall of a man and a woman, salvation from "death" will come to us through a perfect man and a perfect woman. (The first to fulfill their human responsibility) The Messiah.

I believe that Rev. Sun Myung Moon and Mrs. Hak Ja Han Moon were the first to fulfill their human responsibility. And finally God was able to see the emergence of the not only His begotten Son but also His only begotten daughter. And as they consummated the long awaited "marriage of the lamb." They became the Messiah, and the True Parents of Heaven Earth and Humankind for the first time in history.

I believe that there is only one set of True Parents. Meaning there will never be a second coming of True Parents in the future.

I believe that once again sinless children are being born on earth. First from the direct lineage of True Parents and then from each and every couple that were blessed by True Parents.

I believe that just like in the beginning of creation, just because children are born sinless does not guarantee automatic perfection.

I believe there is no perfection without the fulfillment of human responsibility. This was true for Adam and Eve and is true for the children of True Parents and his also true for the children of all blessed central families.

This is my Faith, this is my Believe
