

“A Sweet Challenge”

Padua, Italy, March 17, 2019

By Elena Chirulli

A mix of culture, art and especially culinary arts. A culinary challenge organized by CARP Italy, which involved grown-ups and young people alike. When ability and creative flair become the protagonists, the palate becomes captured by aromas and perfumes which are very difficult to resist to. This what happened on this wonderful day, that saw the participation of around 30 people, 12 of whom were guests. A Sunday rich in emotions,

sweets and delicacies. The program started out with an introduction on the values of CARP and Hyo Jeong Arts & Culture, given by Davide Chirulli. Connecting with the subject of cooking, we kicked off to the long-awaited cake competition. “The Sweet Challenge” consisted in a contest accompanied by a movie entertainment, and a buffet.

A number of 8 competitors, each one presenting, to the audience and to the panel of judges, a super tasty pastry that they themselves prepared. It was a

steep endeavor to decide the winners. The judges, Alessandro Iavicoli, Valerio Tammiso, Davide Chirulli e Himani Zampella, savored and listened carefully to the list of the ingredients, expressing their impressions. The MC was Elena Chirulli who, after the award ceremony, gave the mike to Valerio to introduce the film “Love, cooking and curry”. The theme of the movie, beyond being connected to the cooking art, developed the topics of friendship, interculturalism, the topics of family and harmony in interpersonal relationships.
