

How Will History Remember Hak Ja Han?

Peter Daly

September 10, 2025 - In support of Hyung Jin Moon

Many people worked for God's Providence, but we tend to remember them only at the end of their lives. Judas Iscariot was one of the twelve main disciples of Jesus, so he must have done many things, but whatever he did meant nothing when he betrayed Jesus, and he is mostly known for being 'the one who betrayed Jesus for money'.

John the Baptist was the forerunner of Jesus and the central person of the age, but again he will only be remembered for his actions of denying being Elijah (John 1:21) contradicting Jesus' statement that he was Elijah, making Jesus appear to be a

liar, and didn't follow or support Jesus (Matthew 11:3), which led to Jesus' crucifixion.

True Father came as the Second Coming of Christ and fulfilled his mission of establishing God's lineage on earth, and declared his youngest son, Hyung Jin Nim, as his heir and successor. (6.5.2010)

Immediately after True Father's passing in 2012, Hak Ja Han attempted to seize control of the movement, which involved discrediting True Father and expelling her son, Hyung Jin Nim, whom Father had designated as his heir.

She published a new fake Cheon Seong Gyeong in 2013 to replace the original Cheon Seong Gyeong, published by True Father in 2006, to remove Father's words that don't support her new teaching about herself.

Hak Ja Han recreated the movement centered on herself. She keeps the name 'True Parents' to satisfy members' concern, but in reality, she doesn't believe in it, since she stated that Father was born WITH original sin (3.25.2019). If Father was born WITH original sin, he would not have been able to give the Blessing, so her own Blessing with Father would be false, True Father would be a liar, and the Divine Principle would be false.

Hak Ja Han's claim to have been born WITHOUT original sin is false, as we can see from True Father's words:

"If the Allied nations had united with me after World War II, Mother and the True Children would not exist today. They are sons and daughters who were not supposed to be. If Korea had unified centering on Christian culture, without any persecution, the Moon clan and the Choi clan would have been the center, establishing the position of parents starting from sons and daughters. A peaceful world centered on one true family and one blood lineage would have been realized. However, I lost every foundation because of Christianity's failure."
True Father, 1.1.1997

This means Seon-gil Choi, Father's first wife, was originally meant to be True Mother. So Hak Ja Han was not born to be True Mother and therefore was not born WITHOUT original sin!

In any case, the person to be True Mother was never to be born WITHOUT original sin, only the Messiah was born that way.

This proves that Hak Ja Han's words are false and nonsensical because in denying True Father she is denying her own Blessing!

And not being WITHOUT original sin, Hak Ja Han has no qualification to give the Blessing, so all the Blessings that she gave since 2013 are fake!

The Blessing was possible only because of True Father, who alone was born WITHOUT original sin!

"The Savior of humankind is to be born as a SINLESS MAN (without original sin)"
'Exposition of the Divine Principle' page 390.

And apart from Jesus and True Father, there are no prophecies of anybody else being born WITHOUT original sin.

Hak Ja Han started to call herself the 'Only Begotten Daughter born WITHOUT original sin,' but this contradicts True Father, who states that there is no 'Only Begotten Daughter born WITHOUT original sin.'

"Although Jesus was the Only Begotten Son, was there the 'Only Begotten Daughter' who was supposed to be his object partner? ..Where is the 'Only Begotten Daughter'? She is a fallen woman. A fallen woman."
True Father, 10.6.2002

Now she calls herself the 'Holy Mother Han,' which makes even less sense! Why does she not call herself 'Holy Mother Moon'? Because she wants members to believe that she, not True Father, is the Messiah!

She has created a movement centered on herself that teaches that True Father is a failure!

Here are the words of some of the corrupt FFWPU leaders who say True Father failed:

"So, I heard her say many times. "If only Father, who was in charge of the whole thing and had a strong charism had carefully and repeatedly educated the children about the essence of Only Begotten Daughter and her essential mission and value of Mother, I wouldn't have had to struggle so much. This is very hard, too hard for me" I have heard her say, many times."
Jin-chun Kim, 4.19.2022

"Mother said that Father failed to fulfill his responsibility. Did you hear? Mother said Father failed to fulfil his responsibility. So, what responsibility did rather fail to fulfill? He failed to sit his children down and tell them, "Your mother is not merely your physical mother, she is the Only Begotten Daughter. She is the Only Begotten Daughter, who was born of the Holy Spirit. You must your mother. She said he never educated the children in this way."
Myeongdae Kim, 11.27.2022

"Father tried to settle a family but he was not supposed to do that prior to meeting the Only Begotten Daughter."
Demian Dunkley, 'Discourse on True Mother's Revelations' Lesson 7, Part 10

So, according to Dunkley, True Father failed! And his failure was that he married his first wife, Seon-gil Choi. But as shown in True Father's words above, his first wife, Seon-gil Choi, was originally meant to be True Mother. It was Seon-gil Choi's failure that was the only reason Hak Ja Han was chosen later to be True Mother!

So, we can see from Hak Ja Han's teaching that True Father was only a kind of 'John the Baptist' figure whose mission was just to testify and teach about Hak Ja Han as the 'Only Begotten Daughter born WITHOUT original sin'. And that he failed by marrying his first wife, and he failed by not educating members that she is the 'Only Begotten Daughter born WITHOUT original sin'!

The FFWPU that has changed True Father's words and teaching, and teaching that True Father is a failure, are lying and deceiving the members. Father's main mission was to establish God's lineage on earth, and he succeeded in this, and declared Hyung Jin Nim his heir and successor on 6.5.2010. Hak Ja Han by denigrating True Father as an ordinary man born WITH original sin who failed his mission, and then kicking out Hyung Jin Nim, who True Father made his heir and successor, is attacking and seeking to destroy the foundation True Father established!

True Father said:

"The greatest gift I can leave behind to this world when I depart is my words. They cannot be bought or sold for anything in heaven and earth."
Original 'Cheon Seong Gyeong' page 2107

The truth can never be hidden forever! And especially in this age, with the help of the internet, false teaching like that of Hak Ja Han's teaching will easily be exposed. No one likes falsehood, and they will discard the fake Cheon Seong Gyeong that Hak Ja Han published and seek out the original Cheon Seong Gyeong that True Father published in 2006. They will have no interest in Hak Ja Han's false teaching, whom they will regard as a fraud. History will remember her as the heretic who betrayed True Father!

Here is a serious question for those who are following Hak Ja Han: Is this the way you want Hak Ja Han to end up? If you continue to follow her, you are making it certain that it will be her sad end. If you claim to love her, you should pray for her to repent and restore her wrongdoing before she goes to the spirit world. If you just continue to follow her in her crimes against True Father, you should stop for a moment and ask yourself; How do you think history will remember you? Can you honestly believe you are worthy to face True Father?

Thank God for Hyung Jin Nim, Father's true heir and successor who created Sanctuary Church to protect and preserve True Father's words and traditions!
