

We don't witness with knowledge, we witness with Cain and Abel Unity

Denpota Furugaki
January 23, 2018

God can give blessing the most when Cain completely submits to Abel. Today was the day that Cains truly seek to attend the Abel within the team. Clara, a Catholic mother, was at her day off from long week of work when we visited her. The Holy Spirit influence was strong enough to make her say yes to an immediate DP study and to read up to the end of POC 1 on the first day. Good relationship of Cain and Abel within the team was reflected by the attitude of our guest. Clara was very righteous object partner when we were studying the principle. She has been spiritually moved enough to say that she will study this every day.

TJ, a Christian father who have read POC 1 today, would also be a substantial example that reveal the foundation that the witnessing team has established until today. He is Christian, but is very humble and interested in the Divine Principle. When he was told that he has to read the Divine Principle to expand his perspective, he accepted the need. Seeing a Christian person, who are in Cain's position in relation to the Principle, show humility and appreciation to doctrine beside the Bible is a clear sign for coming of the new era that True Parents proclaim.
