Senior Class Missionaries

This week, the Senior class continued their passion projects on the Spiceland property, investing both their effort and devotion for the success of their respective projects as they conclude their 4th week in their 6-week period.

The missionaries also had the chance to participate in Youth Night again, playing volleyball at a nearby church with the Indiana Family Church youth, as well as attending the Pledge Service celebrating the Day of All Things.

The missionaries will continue to invest in the new property and the community as they go into the last 2 weeks of their 6-week period.

Junior Class Missionaries

Chicago, Illinois

This week was filled with meaningful outreach, service, and personal growth.

On Tuesday, the team witnessed at Harper College, connecting with students and inviting them to Sunday Service and Home Group. On Wednesday, they continued to witness throughout local neighborhoods and also launched their new project, Home Group, created to have a space for deeper connection and fellowship within the community.

On Friday, the missionaries served at Chicago Family Church by painting the children’s room, helping improve the environment for the younger members. Additionally, two Seniors-in-training went out fundraising for Ocean Challenge.

On Saturday, the team participated in a community clean-up along Golf Road, picking up trash and helping beautify the area. They also had an in-person public speaking lesson with their mission leader, Sarah Naito, which provided valuable guidance and helped them develop their communication skills.

Thank you for the support, and they look forward to sharing more with you next week.

Clifton, New Jersey

This week was the last week of the New Jersey team's 21-day witnessing condition, and it went great.

At the start of the week, the team had a beach outing to Atlantic City and spent time together, as well as shopping. Then, from Tuesday to Thursday, the team went witnessing on the college campus in the morning and at the park and neighborhood in the afternoon.

On Friday, Junta came to provide guidance on witnessing and to lead the team in door-to-door and mall witnessing. On Saturday, the team decorated the witnessing rooms at the church and the center to create a better witnessing environment for future missionaries, and some members met with one of the members’ guests, Jocelyn.

And finally, the New Jersey team celebrated their last Sunday service with the New Jersey community, spending time playing board games, watching the World Cup, and playing volleyball.

Thank you for reading, and have a fantastic week. New Jersey out!

Junior Class
DMV

This is the DMV Mission team checking in!

This week was a busy week for the missionaries. After three days of fundraising and witnessing with the HTG missionaries, it was time to invest in the community! First, NGM, together with the HTGs, organized an event at the Missionary House called Peace Starts With Art. 4 guests attended and had a great time painting, learning more about PSWM and the Divine Principle, and getting to know one another in fellowship.

The next day, together with the DMV Young Adult Ministry, the NGM missionaries went to Ocean City to spend a fun day at the beach, connecting with True Father's heart through the ocean! It was a very memorable time with the DMV community.

And finally, the missionaries ended the week participating in a service project with a local environmental group in D.C., helping release mussels back into the wild.

As the final full week of this DMV mission begins, the NGM missionaries hope to make the most out of their time left here, ready to take on what comes next!

Columbus, Ohio

This week in the Ohio community was filled with cultural experiences, fellowship, and meaningful celebrations as the boys' team continued to grow together.

On Tuesday, the team was given a guided tour of the Japan Marketplace located in the Kenny Centre, beginning with a presentation on its history and development. The owner, Mr. Takenaka, also joined for a Q&A, offering insight into the vision behind the marketplace. The team then explored the area, visiting shops such as Tensuke Market and Belle's Bakery, enjoying their time exploring.

On Wednesday, the team hosted a movie night featuring *A Silent Voice*, which left the youth filled with emotion. Sunday marked a special Holy Day celebration, the Day of All True Things, during which the team gathered for a time of gratitude and then participated in group activities afterward. The day concluded with a lively World Cup watch party at the youth center, where the community came together to enjoy the Netherlands vs. Japan match, bringing the week to a close with energy, unity, and shared excitement.

Junior Class

Montreal, Canada

Hey, hey, hey, long time no see! The Montreal Team has spent this week bonding with the community.

Last Tuesday, the Montreal pastor Dr. Franco took the missionaries to the St. Lawrence River, where they learned about the history of Montreal and how the city began around this important, raging river.

Then, the Peace Cafe was held on Wednesday, where a new style of witnessing was tested: volleyball! With a new net set up, a guest named Grant was invited, and the missionaries had a chance to bond through sports.

With that, it was time for the MontOlympics! After much preparation, the weather wasn't going to stop this week's youth night, with a short guidance on the "importance of tithing" and sports for the rest of the evening. The missionaries were especially excited as they could spend time with guests, Credo and Emmanuella!

To end off the week, the missionaries and the Montreal youth had an outing at Parc Safari, where they could see and even feed many different animals. What a way to appreciate God’s creation!

That’s all from Montreal!

Little Rock, Arkansas

Welcome to another weekly report by the Arkansas community!

To begin the fresh new week, some of the missionaries, alongside community members, planned a surprise birthday celebration for Ariana, Marcell, and Agathe, as their birthdays are close together. After the party, everyone stayed as they still had a game night to enjoy. This day showed the tight bond the missionaries had with community members and how much tighter it can get.

On Wednesday, the team held their first Men and Women Night combination, requested by Rev. Jackson himself. The topic of being a proper follower of God really allowed everyone to think not only about how to be a better son or daughter to God, but also about being a better child of God as a whole.

Lastly, on Friday, the missionaries once again hosted the PSWM seminar and started it off with a lecture by missionary Marcell Bendzsa, which led into the missionaries and community members preparing food to give to the homeless throughout Little Rock. This constantly reminds us that everyone deserves the love of God and no one should be excluded from it because God is a parent who would leave the 99 for the 1.

Throughout this week, the missionaries have been pushing forward with their planning for the workshop they are creating and are getting closer every day. As the day of the workshop approaches, send prayers to the community for a great workshop environment, so it can be the perfect send-off gift from the missionaries!

Bay Area, California

This week, the Bay Area team returned to their community after experiencing Camp One Heart with renewed spirit and energy. All of them took on leadership positions throughout camp and felt they could be God’s vessels when giving love to participants.

Although they just came back, they cannot let their guard down just yet as they prepare for their upcoming three-day workshop. As the missionaries near the end of their time in the Bay Area community, they are determined to continue investing until the last second!

Applications for the Next Gen Mission year 2026-2027 are now open! If you know someone who will be a high school graduate or equivalent, or who is looking to deepen their character, life of faith, and relationship with God and True Parents, encourage them to look here.

Application — Mission

Note: It takes about 2 weeks to complete your application. You must complete your application to be eligible for the early bird fee.
