

Family Festival

Italy, 30. July 2017

By Franz and Patrizia Kerschbaummayr

Italian National Blessed Family Department organized a Family Festival on Sunday July 30th. We were happy to accommodate 75 people! Representing 3 generations. Barbeque and pot luck luncheon. We had a wonderful day of just “being together” and celebrating family.

The comments made afterward were very positive here is just a taste.

“Thanks to the family who hosted us, the organizers and the numerous brothers and sisters I had not seen for years that I could hug again. It is an event to promote and repeat. We must create joy and share True Love to grow spiritually.

Next time...”

“it was really a nice meeting for three generations and a great community

lunch, music and dancing and many friends!!! Thank you all”

“We also thank all of us for having invited us to this beautiful family party where we find ourselves with people whom we love and spend time with is really enjoyable.....Ok, we take the example and courage from these initiatives and we go along together united with love and agreement.”

BFD Italy with thank's to Chianura Family who were hosting us.
