

First Summer Camp for Second Generation - Aegviidu, Estonia, July 31 - Aug. 2

The camp participants were children from 7 to 13 years old, their parents were staff. Also 2 families from Latvia have joined us. The motto of the camp was: Faith, Family, Friendship and Joy!

After the quarantine, it was a good opportunity to spend time together with fun and benefit. At the beginning of the camp opening, the flag Family Federation was raised to the Cheon Il Guk anthem.

The program was very rich: watching and discussing a movie, lectures, sports and board games, creativity, songs near the fire, swimming in the lake. It was a good first experience for everyone, now we are thinking how to do it even better in the future. Children and parents were satisfied and happy!

Our heartfelt thanks to Heavenly Parent and True Parents for wonderful sunny days and protection!
