We invite all candidates preparing for the 2025 Cosmic Blessing to join the HJ Matching Support program, (previously the Blue Dragon Matching). This program offers a supportive and guided process to explore potential matches. Running in two-week cycles with a total of seven cycles, the program consists of a Prayer

week, where the Matching Committee prays for thoughtful suggestions, followed by a Conversation Week, allowing candidates to engage in 7-day discussions with their matches. Parental and matching supporter involvement is encouraged to provide guidance and support throughout the process. This initiative aims to help participants step out of their comfort zones, build communication skills, and explore meaningful connections in a spiritual environment, ultimately enhancing their chances of finding a spouse. Those interested in the first cycle must have a profile on Blessing4U and complete their blessing interview before. Registration for the second cycle is closing tomorrow so don't miss out and register now!

What the World Needs Now

I am writing this blog on the eve of the US presidential elections. At church this past Sunday, my pastor said, "Many people will be happy with the outcome of the Presidential election, and many will be very disappointed. However, let's remain as brothers and sisters and be civil, kind and caring of each other." I have been contemplating what we need in order to live this way. As a Safe Conversations facilitator, I instruct participants in my workshops that our goal is to seek to understand and love beyond difference. As a person of faith, I believe that there is only one God, our Heavenly Parent. Of course, there are many different expressions of faith beliefs but seeing others as my sibling, as my pastor said, means that we are part of an amazing, multi-faceted, and beautiful world family.
