History of Jewelry

Jewelry has been used since prehistoric times as a protective charm and evolved as status symbols. It was also used especially in ancient times to show faith about the afterlife and were often used in religious rituals. Jewelry was also a symbol of power and desire, but in the modern era, it is evolving to become an art.

Blessing Jewelry

The blooming flowers of the necklace & earrings symbolize beginning of a new life and experiences. We have tried to convey the happiness and excitement of the blessing by mixing colorful gemstones such as amethyst, pink sapphire, aquamarine, and diamonds.
