

CARP Las Vegas attend GPA's annual Family Workshop in Estes Park Colorado

R. Naito
April 23, 2017

From April 20th - 23rd, CARP Las Vegas went over to Estes Park, Colorado to attend GPA's annual Family Workshop.

The team went with the hope to give inspiration to the GPA members, as well as for themselves to feel revived by the youth in our movement.

Within their presentation, three new members testified about their transformation through the Divine Principle.

Marcus Fuller expressed that despite a tough journey growing up in his life, coming to know the Principle and True Parents really saved his life.

All in all, the CARP team made their utmost effort to convey God's Heart and the desperation to unite with True Mother's vision.
