On Sunday, September 18, we had a celebration to support the Washington Monument Rally. It also coincides with the birthday of one of our second generation members, Chris Muiba, who turned 15 on Sunday.

We had a new first-generation Unificationist, Rufus Pawolo, who just came from Liberia in Africa, join us in our celebrations, as well. He is the younger brother of Augustine Pawolo, who has been a long-time member of the Birmingham Family Church.

We concluded our time by asking each person to offer a representative prayer for the Unification movement at large and the growth of the Birmingham Family Church in particular.
