

Joint Kenya-Russia WFP Angels of Peace Cultural Bridge of Peace Program

Olga Vakulinskaya
February 13 to 20, 2026

This trip to Kenya was possible on the foundation of a 15 year long cooperation and friendship between WFP Kenya and Russia.

On February 13th and 17th, WFP Kenya and Russia held charity programs at three Nairobi schools and held a program for more than 1000 children all together. Three Moscow schools and Four Moscow partner organizations collected 100 kg of school supplies, games and toys. All of those presents were safely delivered by the Angels of Peace ensemble and passed to the Nairobi schools. The directors and schoolchildren were so happy to receive such wonderful presents.

All classes of the Kenyan schools prepared very beautiful performances, and Angels of Peace of Russia also showed their songs and dances. It was a really joyful and meaningful cultural exchange bringing the

hearts of two nations together.

On February 14th, we held a big intercultural program in which Angels of Peace could show their whole concert. Many different wonderful African performing groups performed together with Angels of Peace.

On February 16th, Angels of Peace together with WFWP presidents of Kenya and Russia had a very warm welcome at the Embassy of Russia and then by the former First lady and current Ambassador of Malawi.

It was also very moving that the representatives of the Russian Embassy came to the Angels of Peace concert on February 19th.

Also on February 19th, Angels of Peace and presidents of WFWP of Kenya and Russia were invited to one of the main TV channels. There were 35 minutes of live broadcast with an interview and Angels of Peace performance.

The Angels of Peace team was deeply moved by the love, sincerity and hospitality of the African people.
