

Spice Up Your Marriage Webinar

David and Mitsue Wolfenberger
October 29, 2014

This month's Marriage Enrichment Webinar was presented by David and Mitsue Wolfenberger on the topic "Spice Up Your Marriage." They discussed what an intimate Blessed marriage can look like when applying the wise words of True Father.

"Spice Up Your Marriage"

The core of what True Father spoke about his entire life was love – specifically love between a man and a woman blessed by God. During this webinar, explore together with us what our Blessings could look like if we could set aside our shame, our resentments, and our fears about intimacy and totally live for our spouse's happiness in all areas. We will share True Father's words on God's ideal for sex and intimacy, a subject about which He was most passionate. Couples who are continuously energized by practicing great sex are healthy, powerful, and passionate couples.
