November 27, 2015

WFWP-Spain held the second round table event of a cycle of conferences under the theme “The Cornerstones for Peace” on 27 Nov, 2015.

The title of this round table was “Educating boys and girls to prevent violence”. Three speakers, representative of different organizations, shared their views and experience:

Julia Murga, Director and Presentor of ‘Educar para la Paz Radio 5’, National Radio

Ana Roa, Pedagogue, Psycopedagogue and writer, Universidad Complutense de Madrid

Sandra Cabrera, Pyicopedagogue, Unión Nacional de Asociaciones Familiares UNAF

The presentations were all very informative and enlightening allowing participants to participate intensely during the time for questions and answers.

Once again we are very thankful to all who made this gathering possible.
