

Special Meeting of Inheritance of Cheonshim Won held in Bolivia

Hilda Claros de Jitto
July 7, 2022

"The Cheonshim Won, is a place where humanity can always experience the life of serving True Parents. It is also a place where you can communicate directly with the Spiritual World."

"The life of blessed families on earth is a time to prepare for the eternal world. Centered on the Cheonshim Won. We should train ourselves. In this way we can be more intimate with the spiritual world. I mean that very seriously, for your sake. I'm giving them more time. I am doing everything I can to serve our Heavenly Father." (words of True Mother June 19, 2020)

Thanks to the precious words of Our True Mother, on the Grace of Cheonshim Won, in Bolivia a Special Meeting of Inheritance of Cheonshim Won was held, in the 5 Regional Headquarters, Cochabamba, Santa Cruz, La Paz, Sucre and Oruro.

We had the presence of Our Rev. Seong Nam Kim President Branch C.E.C.T HJ CheonBo, David Pereyra Aguilar Branch Lecturer C.E.C.T HJ CheonBo and Joung Guen Felipe Belarmino Novais Coordinator, Branch C.E.C.T HJ CheonBo, who visited the 5 Regional Headquarters, the presence of the Blessed Families and members of ascended to 240 participants.

The Program at each Regional headquarters began with the representative prayer of each of the Pastors, welcoming words of National President Hilda Claros, then a Conference by Rev. Seong Nam Kim on HJ Cheonwon and the Grace of the Jeongseong of Cheonshim Won, the program ended with a session of CheonBo Chanyang Yoksa.

During the development of the program, a very deep spiritual presence could be felt, where each family and member had a spiritual encounter with True Parents.

The profound words issued by Our President of the HJ CheonBo Branch motivated the CheonBo families, Blessed Families and members, to develop Cheonseong in our prayers, to be able to break boundaries to communicate with the spiritual world, to achieve that direct connection with Our Heavenly Father and Mother, thus emerging new determinations, to achieve the Cheon. Il Guk substantial and thus fulfill in adored dream of Our Heavenly Father and Mother.

We sincerely hope that these results will bring joy to Our Beloved True Mother.

Reflections

Franz Quispe Quenallata – Pr. City of La Paz: First of all, I thank True Parents for giving me the opportunity to participate in the seminar of liberation and blessing of ancestors, during the week we have been preparing to be able to participate and receive this seminary, but I felt that there were many things that were missing, there were many things that we cannot complete, to be able to prepare for this seminar especially for the great movements and changes we make within the Church.

I was very worried about how we were going to receive or how the ancestors were going to feel about

everything I was preparing. In the morning when the prayer was performed in the room of Cheonshim Won to open the room, it was just me in the room and listening to everything I was talking about within the prayer that was performed, I felt strongly that many ancestors in many people were actually behind me, many many many many, so much so that I even turned around to see if some families had penetrated, but no, it was just me.

I felt that really in the room of Cheonshim Won, it is the place where the spiritual world and the physical world are really completely United, and to feel that deep feeling of you do not stop doing. Through the Seminar, I also felt that really through us the ancestors are very desperate behind with the desire to be able to make providence hoping that we can work and we may finally be able to offer Victori a nuestro Padre Celestial, I felt very much, through this blessing release seminar is really they are foreseen are willing, to everything we are going to do and I am very sorry for this, I support the conditions of prayers that we have been doing during the night I really felt this presence very much. Thanks a lot

Wilbert Mamani-La Paz – Ximena Chura-La Paz: Well I feel this time a lot of gratitude being here in the city of peace I feel movement of the spiritual world. Now I feel a lot of comfort from true parents, the love they give me is very great, I feel a lot of grace to experience this heart of God as a Mom. I feel much repentance, for I lack to comfort the heart of God. I must do a lot for True Parents, as they did so much for me. Today my spirit rose again. I will work together with my husband. In this seminar I could feel that there are many spirits and Father is working hard to build the Cheon Il Guk on earth, what remains most for me is that in order to mobilize the spiritual world I must pray prayers of devotion.

Basilía Graciela Sulcalla Caceres- La Paz: The seminar was very spiritual for me, praying I had the opportunity to see them together and smiling my Parents who are in the spiritual world, seeing them gives me a lot of peace and happiness. I would like later to make the Sacred Blessing possible since my Ancestors did not have that opportunity.

Eliseo Flores Flores- Oruro: Very deep and I felt very happy to be able to know more the meaning of each ceremony and I feel more determination to improve my conviction to perform the different ceremonies later and also work to be able to restore myself and when making my letters of desire I felt a feeling in the heart that everything was cleansed and I will continue to clean and order my physical and spiritual life

Flowers Villca Light Mabel-Oruro: In this seminar experience the pain of God feels for me, because I know that I am not a perfect person and that I still have a long way to go to achieve it when performing the ceremony suddenly I became very sad and began to cry. I feel that God is not happy and I wish I could take away all that sadness. But first it must begin in me, I must perform actions and offer devotions to God.

Wendy Mamani Poma-Santa Cruz: Well at the beginning there were a bit of problems but they were resolved quickly in the course of the session I also felt that they tried to stop our hearts but in one way or another we all cheered up a lot I felt a lot that I had like needles in my hands and that when I started to hit my arms legs face neck and feet entered his swelling to my body were not so painful but if I could perceive it clearly I encourage a lot to see that we all gave our best effort to follow Chayanne's first session I felt the presence of second mom I felt that I embraced third way to the father and mother who were near a light and they were slowly approaching her and I could not reach them

Araceli Choque Quintana-Santa Cruz: Well I felt a lot of inspiration and animation I felt a lot of tranquility a lot of love towards God and the true parents I felt a lot of love something that fills my heart I felt a warm light the fact of doing the Chayan I encouraged a lot I felt that it took away everything bad I lost my voice by shouting but that I do only for the fact of The love I have for God and for the true parents I felt a commitment that I had with God and the true parents that I could not surrender much gratitude and repentance thanks to God and to the true parents for this grace blessing to thank all the missionaries who came to Bolivia thanks

Jarli Herrada Masavi-Cochabamba: Today just showing thanks to Heavenly Parents, True Parents and our blessed ancestors, thank you for this seminar I really felt refreshed. During the testimony I was struck by how prayer really is a door that opens impossible and unimaginable spaces, desperate prayers full of gratitude. I felt a lot of need for Heavenly Parents and True Parents and my ancestors to be able to guide and guide the path of tribal Messiah that we are going to realize here on earth, for this I saw it very necessary to ask to know how God knows, to think as God thinks and to feel as God feels. Become aware of the importance of being your object that can reflect your joy
